President's Report

In a world where nothing seems to be what we believed, where opinions seem to matter more than facts, there is no taking away the facts about our achievement, and Christchurch Rock n Roll Club can yet again stack up a wide range of achievements.

Regardless of age or energy, our dancers have continued to acquit themselves well on the local, regional, and national stages, and they know that they carry with them our support, our aroha. We applaud every dancer who takes to the competition floor. Theirs are acts of bravery in many ways, because putting yourself out there in front of your peers, and an audience generally, is a scary, nerve wracking thing.

But so too do we applaud every social dancer who takes to the floor. Yours is the fuel for the competition in the same way that competition is the fuel for our social dancing. These two approaches to our sport go hand in hand. We separate the two at our peril.

So, hearty congratulations to Christchurch name - I am pleased to say that there are too many to name. You know who you are.

And similarly congratulations to everyone who has simply stood up on the floor and danced, or who has opened up the hall for others, who has partnered a learner, or just enjoyed the spectacle of people dancing. I think that human beings were born to dance, it is perhaps the most natural of activities for us.

Thanks to Shaun for teaching both junior club and senior lessons over the past year, and to everyone who has helped. Shaun's request to step back from junior club left a vacuum that frankly terrified us, but we were thrilled when Karina Lilley agreed to step in and take on the challenging role. Thank you to you both, and to everyone else who helps out.

Thanks to the committee members who work so hard to keep things functioning. To them the praise for everything that has gone right. For me the blame for everything that has not... that's the way it is.

We have become increasingly aware that support amongst South Island clubs may not be what it once was, and so we took the initiative during the year to call together presidents from all of the clubs across the South Island. Most were able to attend, and as a result I think we have begun an era of renewed support for each other, whether at social dances or at competitions.

Looming large in our thinking has been a shift in administrative policy from the Christchurch City Council as to the hire and use of our hall. This will be open for discussion later in the meeting. It is important that the incoming committee hears your views. We have met with staff from CCC, and I think it fair to say that they listened to our concerns with genuine desire to help. This is however unlikely to change the need to find a new venue for dances.

And of course finally we are set to host the 2019 senior nationals at the Lincoln Events Centre. This will be another great event, the third Nationals we have hosted in the past 10 years. Please make sure you spread the word, and think seriously about getting involved, whether as competitor or supporter.

2019 is shaping up to be another great year. But it will only be great if you all dance the hell out of life, if you shout out the word about our amazing sport, and enjoy yourselves like you've never done before. After all, rock and roll dancing is the best fun you can have standing up, isn't it?
